7. Assigned To/Organization/Telephone No./E-mail Chris Finegan, SGT, cfinegan@sgt-inc.com, 301-352-4807			Due Date
8. Response Specific status items have not been defined, as they can depend on configuration and state of the SNG (and, to a lesser extent, vendor implementation). Specifics will be provided at PDR in conjunction with detailed CONOPS. At a minimum, sufficient status will be provided in the following areas to allow local and remote manual operation of the SNG: <ul style="list-style-type: none"> - System configuration (mission being supported, return and forward link processing configurations, including data recording) - System status (number of active links, return and forward link processing counters, state of simulation/frame sync/etc., state of recording) - System health & status (CPU utilization, disk capacity remaining, etc.)
